

## Be part of the Sibs' Growth Project!

Project Title: Sibs' Growth: Coping and Growth among Siblings of Children with Special Needs

Investigators: Miss Wan Hua Sim and Associate Professor Erica Frydenberg; University of Melbourne

We would like to invite you to participate in this important research project which will help us further understand the factors associated with psychological growth among adolescent siblings of children with special needs. The findings will help in the development of support programmes that are more sensitive to the needs of this group of young people.

We are currently looking for volunteers (parents and adolescent siblings of children with special needs) residing in the state of Victoria. The adolescent sibling (aged 12-18 years) will be asked to complete a questionnaire that takes approximately 20-30 minutes. Participation for parents involves answering a short demographic questionnaire that takes approximately 10 minutes to complete. Participants can choose to respond to the questions online (web-based survey) OR on an equivalent paper questionnaire. Responses are anonymous and families who participate can enter the draw to win a \$25 gift card from either Woolworths Supermarket or Hoyts Cinema.

For more information about this study or to volunteer for this study please email: Miss Wan Hua Sim at [sibsgrowth@gmail.com](mailto:sibsgrowth@gmail.com). Alternatively, please enter your contact details using the link below and we will be in touch.

To leave your contact details, click here: <http://www.surveymonkey.com/s/XC6XZPN>

Your participation and support for the project is greatly appreciated!
